To whom it may concern,

It seems just about this time every spring we start to see a breakout of these cases. I regret to inform you that (YOUR NAME HERE) has Cardinal Fever. This is a very serious condition that is exclusively treated by witnessing baseball greatness at Busch Stadium. I am prescribing him/her an Opening Day Holiday so that he/she can get the proper treatment he/she desperately needs. Please excuse (YOUR NAME HERE) April 7th, 2014, so that he/she can get well and return to work healthy.

Let's Go Cards,

Dr. Fred Byrd M.D.
